About Us

St-Albert cheese coop was established in 1894 and is owned by dairy farmers established in eastern Ontario. Many of them have been coop members since the very beginning. As a coop we strive to create a positive working environment in order to ensure the longevity of our establishment.

The Cheese

Our poutine cheese curds are made in our state-of-the-art facility 365 days a year. Our curds are available from coast to coast to coast. These curds are cheddar curds, they are semi soft but should resist melting while in a poutine, they will squeak once warmed up with delicious gravy.
