THE EVOLUTION OF THE BURGER

Natural Texture Forming™ – Another Innovation from Cardinal

In the quest for the perfect burger eating experience, Cardinal introduces Butcher-style Beef Burgers – made with a revolutionary new technology that creates a unique burger texture and bite.

Upscale your menu with a burger that offers premium performance, taste and appearance.

- “Pure beef-like” texture and bite
- Great moisture retention delivering juicy flavour
- Fast cook times – half the time of traditional hand-formed burgers
- Made to Cardinal’s rigorous food safety standards & quality assurance
