Cotton Narrow Band Wet Mop

FEATURES & BENEFITS

This is an industrial-grade narrow band wet mop for general purpose cleaning. Manufactured with high grade cotton yarn, which is extremely absorbent with excellent floor drying qualities. These value-priced mops can be considered semi-disposable, as laundering is not recommended for any cut-end mop. All cotton mops must be broken in by soaking in water overnight to remove natural oils and debris. Use with any narrow band mop handle, such as our Quickway or EZ-Change models.

- Absorbent cotton yarn in an industrial cut-end narrow band mop
- Semi-disposable and non-launderable, can be rinsed and hung to dry between uses
- Use with EZ-Change or Quickway narrow-band mop handles
